

invasion6 Episode Guide

- S01E01**
Ominous Beginnings
The Galactic Imperium is about to celebrate its 300th Anniversary. Lord Captain Ranor Broxton is promoted to Lord Commodore and assigned to explore the Lagarto Nebula. It's an auspicious occasion suddenly destroyed by the biggest invading force seen in three centuries.
- S01E02**
Battle for Planet Pirene
Lady Marshall Alianna Broxton is busy finishing the construction of the Kolar Communications Base on Planet Pirene in order to join her husband on the Lagarto Nebula mission. Stunningly, her base is the first to be decimated when the invaders launch a merciless attack.
- S01E03**
Battle at ECA019
Ranor, distraught after learning that Alianna's base was wiped out, must concentrate on guarding communication space station ECA019 with his three-ship formation - normally a formidable force; however the invaders turn Ranor's own weapons against him, annihilating his ships.
- S01E04**
Survival
Unbeknownst to Ranor, Alianna and a handful of her crew survived the attack and are plotting a counter strike. Meanwhile, Ranor's crippled ship crash-lands onto Vrados 4 - a remote, unpopulated, inhospitable planet.
- S01E05**
Reversal
On Planet Pirene, Alianna and her group start their attack. First target: infiltrate a mining facility. On Vrados 4, Ranor and his crew are attacked when they get too close to a secret lab.
- S01E06**
Welcome to Vrados 4
On Pirene, Alianna and her crew proceed to the next target: maglev station. Just one problem, the entrance is sealed shut. On Vrados 4, Ranor and his group are released from a holding cell where they find they have stumbled into the Galactic Imperium's secret research and development facility.
- S01E07**
If Only It Worked
Alianna and her group get to the maglev station only to find it non-operational. On Vrados 4, Ranor finds out there is a Dreadnought class spaceship in the hanger, except it has been taken apart by the research scientists.
- S01E08**
Jana
On Pirene, Alianna and her group are navigating their way through a collapsing subterranean tunnel. On Vrados 4, Ranor's Chief Engineer, Fradus, is tasked to rebuild their damaged AI unit "Jana" to help with attack strategies.
- S01E09**
Frustration
The progress of Alianna's group stalls when they encounter a collapsed tunnel section. Meanwhile, Ranor and his crew inspect the Dreadnought and find out none of the systems are working properly.
- S01E10**
Mutiny
Alianna's group reaches the central hub directly below their base. There are several passageways and each is plagued with nasty creatures trying to make a meal out of her group. On Vrados 4, First Officer Skye confronts Ranor on his real motivations to attack Pirene instead of going back to defend their home system.
- S01E11**
Leaving Vrados 4
The Dreadnought Hydrus with Ranor in command leaves Vrados 4 and heads toward Planet Pirene. On Pirene, Alianna and her group finally start the ascent to reach their former base.
- S01E12**
Lord Marshall's Prerogative
Alianna reveals a secret auxiliary control to her crew - right under her former base - and lays out a plan to take her base back. Meanwhile, Ranor and his ships drop from hyperspace into orbit around Planet Pirene and start the arming sequence of their Hellfire superweapon to vaporize the Kolar Command Dome.
- S01E13**
Contact, Part I (Season Finale)
Alianna's crew are in the midst of recapturing the Kolar Command Dome when alarms go off. Alianna knows what Dreadnoughts can do and desperately needs to contact the armada - but that would give her position away to the enemy! Will Ranor wipe out Alianna and her crew after all this time? Find out next Season.
